**PERFORMANCE  
GAUGES**

**CLASSIC INSTRUMENTS**

Classic Instruments is the only after-market instrument manufacturer to offer a complete lineup of instruments to cover every monitoring need. With a full-sweep, each gauge provides greater accuracy and readability while the rugged air-core movement coupled with microprocessor technology offers long-lasting precision and durability. Also see our traditional, short-sweep instruments.

## DESIGNED & TESTED BY RACERS

### All full-sweep gauges feature...

- A rugged air core movement for durability
- Microprocessor technology for precision
- Push-button calibration
- An integrated red warning light
- An additional warning indicator light output
- Data logging compatibility
- LED lighting, choose between warm or cool white during installation
- Included installation hardware, wiring harness, and necessary sending unit
- A programmable resistance range on fuel gauges for compatibility with any fuel sending unit

Also see our traditional short-sweep gauges available in select instruments across all seven performance series. Get all the performance style you want in a simple, straightforward instrument.

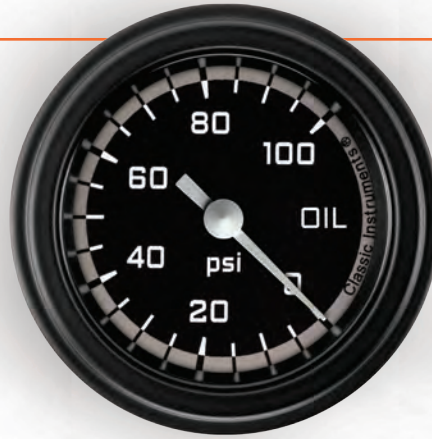

For complete part numbers on all gauges and accessories please see part number index beginning on page 31.

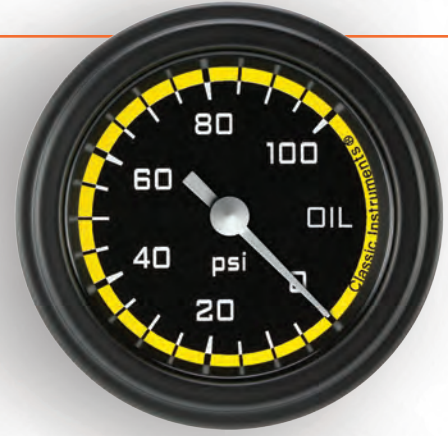

# SEVEN GRAPHIC STYLES

## AutoCross Gray™

The AutoCross Gray Series features a modern sport appearance with standard matte black low-step bezels, flat glass, and white pool-cue pointers. The dial faces feature clear, concise numerals and indices that are easy to read at any speed.

AutoCross Gray

AutoCross Yellow

## AutoCross Yellow™

Take all the style and functionality of the AutoCross Gray series and add a touch of racing yellow and you get the AutoCross Yellow Series.

## G-Stock™

Ensure a bold look with the G-Stock Series featuring brilliant orange pool-cue pointers, flat glass, and stainless steel low-step bezels.

G-Stock

## Hot Rod®

One of the first designs offered by Classic Instruments, the Hot Rod Series is the ultimate high contrast, easy to read design. It features bright white numerals, white pool-cue pointers, stainless steel low-step bezels, and flat glass.

Hot Rod

Velocity Black

Velocity White

White Hot

### Velocity Black™

Make a bold statement about speed with the Velocity Black Series. It features bright white numerals with orange accents, iridescent orange pool-cue pointers, matte black low step bezels, and flat glass lenses. Speedometers read up to 160MPH and Tachometers read up to 10,000RPM.

### Velocity White™

Get the bold fast look of the Velocity Black Series in a lighter style with the Velocity White Series.

### White Hot™

This simple, straightforward design features rich black indices and numerals on a bright white face for easy monitoring with a quick glance. The series also features black pool-cue pointers, flat glass, and stainless steel low-step bezels.

All photos show which pointer, bezel, and diffuser options are standard with each series. Changes are available as upgrade options.

### Don't Forget!

We offer custom graphic services too! You can change the color, add your logo, or completely customize the graphics with ease.

## Performance Bezel

---

Classic Instruments' Performance Bezel has a taller, contoured profile designed with racing in mind.

Available on all 2 5/8" gauges only.

Matte Black

Brushed Aluminum

Visit us online or call for details and order placement.  
[classicinstruments.com](http://classicinstruments.com) | 800.575.0461

## Bezel Options

The bezel is the outer ring that holds the glass to the gauge cup and seals the gauge. Bezels for our 2 1/8" gauges are available in Black Chrome Radial (A), Matte Black Low Step (B), Stainless Radial (C), Stainless Low Step (D), Stainless High Step (E).

Our 2 5/8" gauges are available with Matte Black Low Step (F), Matte Black Performance (G), Brushed Aluminum Performance (H), Stainless Low Step (I), or Stainless Radial (J) bezels. All Radial bezels only allow for the use of curved glass.

## Glass Options

Standard production gauges use glass lenses that resist fogging and scratching. Curved (A) or flat (B) glass lenses are available. In most cases the glass style can be specified based on your personal preference with the exception of all Radial bezels which only allow for the use of curved glass.

## Diffuser Options

The diffuser is a pressed metal trim ring within the gauge that is visible beneath the glass along the outer edge of the dial face. Most standard gauges offer the option to specify a diffuser color different from that of the gauge face. Standard color options include: Red (A), White (B), Black (C), Nickel (D), Gray (E), Tan (F), or Silver (G).

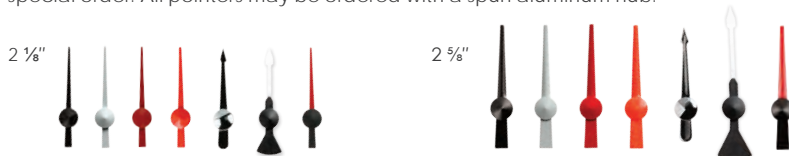

## Light Intensifier Ring

To improve visibility and allow the gauge face to be as large as possible, our new 2 5/8" gauges do not have a diffuser. Instead each gauge has a light intensifier ring to evenly disperse and intensify the internal lighting provided by the gauge.

## Pointer Options

Pointer style and color can be specified and changed for any standard production gauge. Style and color options are outlined below. Other colors are available by special order. All pointers may be ordered with a spun aluminum hub.

2 5/8"

2 1/8"

2 1/8"

2 5/8"

## Matching Speedometers & Tachometers

Complete your dash with the many options we have for a matching speedometer and tachometer, each option is available in all seven series.

200 KPH upgrade option available on all styles and sizes.

3  $\frac{3}{8}$ " Speedometer 140, 160, 200 MPH

Standard MPH varies by style, see p. 35-36 for details

3  $\frac{3}{8}$ " Tachometer, 10,000 RPM

3  $\frac{3}{8}$ " Ultimate, speedo & tach combined

4  $\frac{5}{8}$ " Speedometer, 140, 160, 200 MPH

Standard MPH varies by style, see p. 35-36 for details

4  $\frac{5}{8}$ " Tachometer, 10,000 RPM

4  $\frac{5}{8}$ " Speedtachular, speedo & tach combined

3  $\frac{3}{8}$ " Tachometer

4  $\frac{5}{8}$ " Speedometer

## Three Gauge Sets

2 1/8" Short-sweep, Oil Pressure, Temp, Volt  
2 1/8" Full-sweep, Oil Pressure, Temp, Volt  
2 5/8" Short-sweep, Oil Pressure, Temp, Volt  
2 5/8" Full-sweep, Oil Pressure, Temp, Volt  
Available in all seven series  
Kit includes mounting bracket  
and all necessary sending units

See part number index, pg. 39  
for complete list of available options

2 1/8"

Both sizes also available in  
short-sweep instruments

Visit us online or call for details and order placement.  
[classicinstruments.com](http://classicinstruments.com) | 800.575.0461

2 5/8"

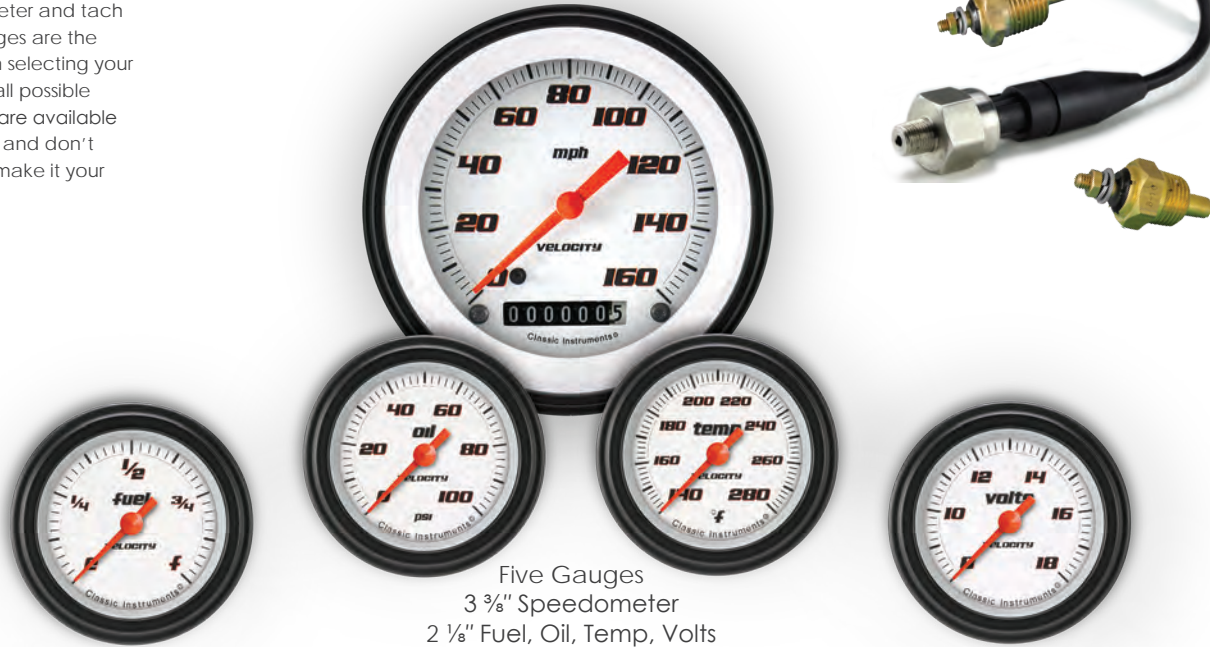

All necessary sending units are included with each set

## Five & Six Gauge Sets

Full-sweep, short-sweep, two speedometer and tach sizes and two sizes for the auxiliary gauges are the options you have to choose from when selecting your complete gauge set. See page 39 for all possible combinations and configurations. Sets are available in all seven performance series designs and don't forget, our custom shop can help you make it your very own!

All necessary sending units are included with each set

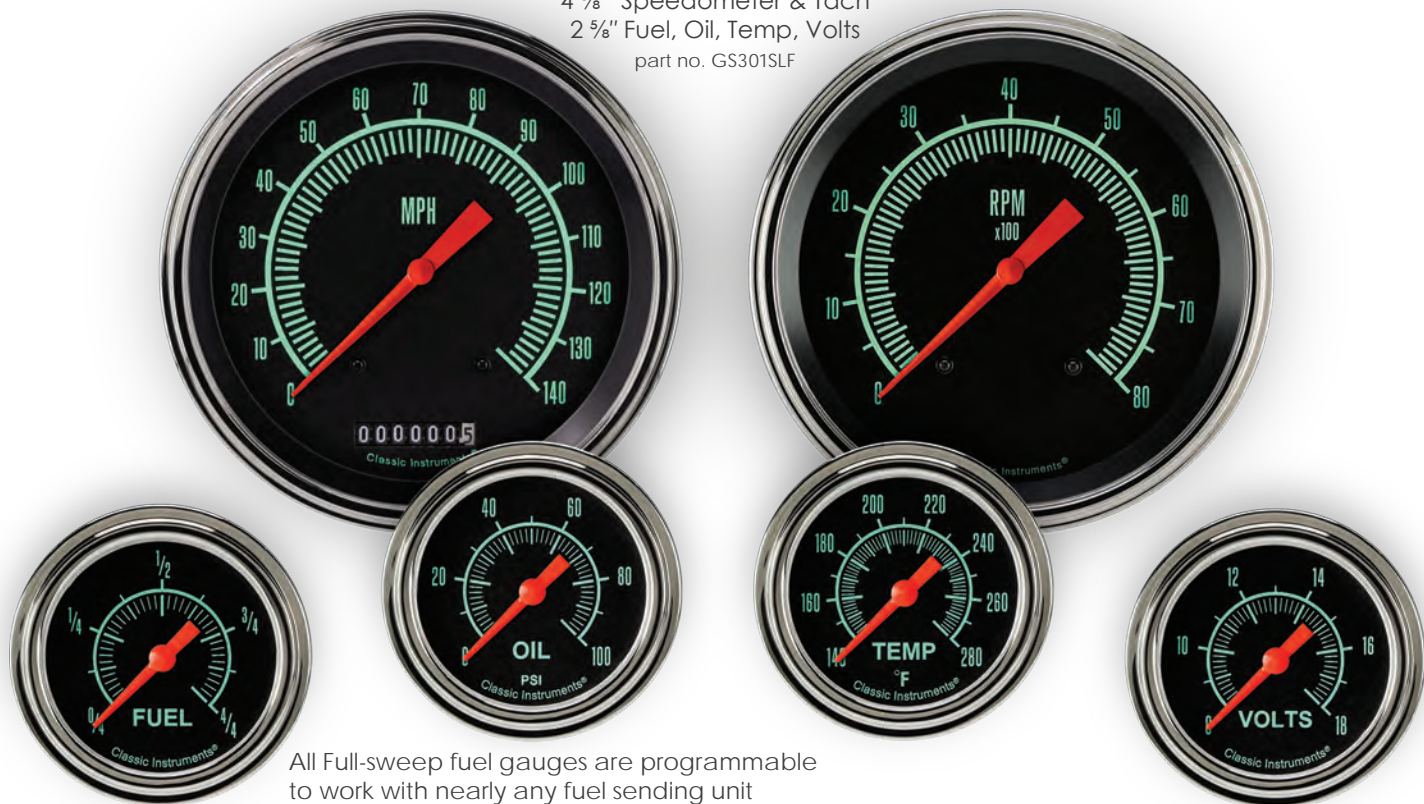

Five Gauges  
3 3/8" Speedometer  
2 1/8" Fuel, Oil, Temp, Volts  
part no. VS100WBLF

Visit us online or call for details and order placement.  
[classicinstruments.com](http://classicinstruments.com) | 800.575.0461

Six Gauges  
4  $\frac{5}{8}$ " Speedometer & Tach  
2  $\frac{5}{8}$ " Fuel, Oil, Temp, Volts  
part no. GS301SLF

All Full-sweep fuel gauges are programmable to work with nearly any fuel sending unit

# Sending Units

## Temperature Sending Units

All Classic Instruments' temperature gauges require a Classic Instruments supplied sending unit for correct and reliable operation. All senders are equipped with self sealing, tapered threads, and are available in 1/8", 1/4", 3/8", 1/2" NPT and 12mm to fit most stock and after-market intake manifolds. Our outside air temperature gauges and low temperature gauges come with a stainless steel temperature probe.

## Oil Pressure Sending Units & Pressure Transducer

The oil pressure sending units supplied by Classic Instruments provide accurate pointer movement in adverse conditions such as heat, vibration, and acceleration. Anodized steel construction uses 1/8" NPT threads. Standard ohm range, 240-33, is available in 0-100 psi and 0-80 psi ranges. Also available is a Ford (A) oil pressure sending unit bushing kit for converting a 1/8" NPT sender outlet to a 1/4" NPT sender outlet and a GM (B) bushing kit which may be necessary for installation of an oil pressure sending unit on some GM engines.

Short-sweep pressure sender

Full-sweep pressure transducer

## Bosch Wideband sending unit with FAST™ controller

All Classic Instruments' Wideband Air/Fuel Ratio gauges come complete with a Bosch sensor and FAST™ controller.

## Warranty

Our warranty guarantees the original purchaser that the specified product is free from defects in materials and workmanship for a period of seven years. The manufacturer will repair or replace (at its discretion) any product that fails to conform to this warranty. All warranted products must be used in accordance with the manufacturer's instructions and for the purpose designed and intended. Any modifications, alterations, adverse environmental conditions (fire, flood, etc.) or attempted repair will void the warranty. Warranty is valid only for the original owner of the specified product.

Any product believed to be in need of warranty service must receive an RMA number and must be returned to Classic Instruments for evaluation and testing. Based on the results of these tests and current product availability, the product may be repaired or replaced at the sole discretion of Classic Instruments. Owner is responsible for all charges relating to removal / installation of warranted products and all shipping and handling charges relating to returned warranted products. Upon purchase of the lifetime warranty the buyer agrees to the conditions stated above. For questions regarding warranty or product please call us.

Also ask about our lifetime warranty.

## Community & Industry Involvement

Classic Instruments is a proud sponsor of community events and local charitable organizations to include:

- Charlevoix Community Foundation
- The Women's Resource Center of Northern Michigan
- Charlevoix County Humane Society
- Boyne City Police & Fire Departments

We also believe in the values instilled by participating in athletic competition. It is our pleasure to be a sponsor in multiple Jr. Dragster competitions and to individually sponsor track champion Hunter "Ace" Acha. Additionally, we enjoy sponsoring a local Major League Softball team and supporting the annual Boyne City soap box derby. Our open house also raises money each year for a different local organization.

Within the industry we enjoy sponsoring the Goodguys Trophy Dash award and the NSRA Pro's Pick award each year. Since its inception in 1977, Classic Instruments has a history of involvement with the groups and associations that helped form the industry we are so proud to be a part of...

- '79 Inaugural NSRA Nationals attendee
- '83 Inaugural Goodguys Show attendee
- '85 SEMA membership
- '08 SEMA show attendance

Manufacturer of the year 2012

HRIA Business of the Year 2012
